Re: DSM Tariffs—Response to Commission's Letter Dated November 29, 2011

Dear Mr. Derouen:

In response to the Commission's DSM letter dated November 29, 2011, please find enclosed for filing with the Commission an original and four copies of the tariffs on the following Big Sandy RECC DSM programs:

- Button-Up Weatherization Program
- Heat Pump Retrofit Program\*
- HVAC Duct Sealing Program\*\*

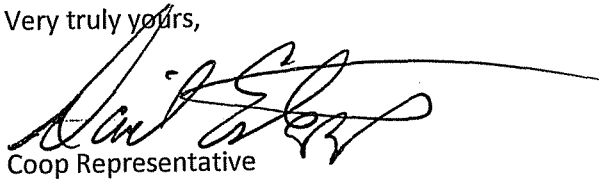

\*In Big Sandy RECC's letter to the Commission dated December 27<sup>th</sup> 2011, in which all untariffed DSM programs were listed, Big Sandy RECC titled this program "Air-Source Heat Pump Program." This represents a name change only; the program itself is unchanged.

\*\*In Big Sandy RECC's letter to the Commission dated December 27<sup>th</sup> 2011, in which all untariffed DSM programs were listed, Big Sandy RECC titled this program "Tune-Up HVAC Maintenance Program." This represents a name change only; the program itself is unchanged.

\*Please also note in its letter to the Commission dated December 27<sup>th</sup> 2011; Big Sandy RECC also listed the Compact Fluorescent Lighting ("CFL") Program. The CFL Program is strictly a purchase of energy efficient light bulbs and does not contain rebate provisions; consequently, no tariff has been filed on this program. Furthermore, please note in its letter to the Commission dated December 27<sup>th</sup> 2011, Big Sandy RECC also listed the Energy Audit Program. The Energy Audit Program is a free service offered to both residential and commercial members. It does not contain rebate provisions; consequently, no tariff has been filed on this program.

Please contact me if you have any questions.

Very truly yours,
